

Please understand that by choosing to bring your own hair/or hair that was purchased/serviced at another salon, you are taking 100% liability for your own hair and for the hair extensions provided:

- Palm Beach Salon is **not** responsible for quality issues- for both your own hair and for the hair extensions provided.
- Palm Beach Salon will be using tools dedicated to the hair that Palm Beach Salon offers. Palm Beach Salon is **not** responsible for any compatibility issues that may arise from the tools being used and the hair provided.
- By providing your own hair, the color and/or the amount of hair extensions needed may not be sufficient and can affect the overall appearance.
- Working with hair that was not provided by Palm Beach Salon (or hair that was previously purchased/serviced through a different salon) can make a job more complicated. Therefore, additional time dedicated to the job may be needed. Additional fees will apply if more time is needed from the original quote.
- Palm Beach Salon will be working with hair that the client has provided (or hair that was previously serviced by another salon). The placement may be different and additional blending may be needed to ensure a great result.
- By choosing to bring your own product, you accept full responsibility for any unforeseen circumstances that may arise and **release Palm Beach Salon of all liability**. If a request for another appointment is made to make any adjustments after your initial appointment, there is a minimum of \$150 for all appointments.
